Service Offering

At Ranganiphanda Holdings Pvt Ltd, we are specialists in high quality building, refurbishment and more. We believe that there is a need for a construction company that does things a little differently. Our focus is on developing a thorough understanding of the needs of our clients and delivering value and excellence in every aspect of our service.

We bring the highest levels of commitment and experience to interior projects. Our mission is to help clients realise their vision for their buildings and deliver a service that pushes the limits of what should be expected from the industry.

We are experienced in all aspects of the planning, design and construction processes and are capable of working under all forms of contract. Professional teamwork, expert decision making and effective communication are qualities we have long embraced in delivering each project to our client's satisfaction.

Our belief in customer service and in building lasting relationships is the cornerstone of our business philosophy.

Our staff are seasoned professionals, experienced in their fields and determined to excel in every project they complete. We want our Clients and our Consultants not for one project but for life

Health, Safety & Environment

The protection of health, safety and the prevention of pollution to the environment are essential in maintaining a sustainable organization. We strive to develop and provide products and services that have no undue environmental impact and are safe in their intended use, efficient in their consumption of energy and natural resources, and can be recycled, reused or disposed of safely.

We are dedicated to ensuring the health and safety of all persons who may be affected by our activities by:

- a) Providing adequate and appropriate facilities and arrangements for welfare at work. We expect staff, clients, visitors, contractors and others who interact with us to share this commitment by complying with our policies and procedures and to understand that they too have legal and moral obligations to themselves, the environment and to one another.
- b) Providing, managing and maintaining our workplaces and properties so that they are, so far as reasonably practicable, safe and that risks to health are controlled.
